

Project: *Life*

Using a tap...
with this everyday gesture

BE A PART
OF THE
SOLUTION!

We can't stop using it but...

YES, reducing water consumption

YES, reducing energy consumption

YES, reducing CO₂ emissions

YES, saving up to 100€/year

As a gift when buying
PROJECT LIFE products:

Find your badge inside the box

Our responsibility, as manufacturers of taps, is to put in the hand of our clients elements that contribute to a sustainable consumption.

More information: www.marti1921.com

PROJECT LIFE :

The project has the purpose of contributing to taking care of the environment, helping you to be a **part of the solution** on the fight against the climate emergency, betting on a **simple** and **intuitive** sustainable consumption.

We need **WATER** daily, in the shower, in the toilet, in the kitchen.. through the **taps** our house is nourished by this vital element.
